

Flutter your arms up and down to hover like an elephant hawk moth.

Walk with your hands on the floor and your bottom up like an acrobat ant.

Open and close your hands like the flashing light of a firefly.

Bend your arms and then stretch them high like a boxer mantis.

Bend your knees, and then jump up high like a grasshopper.

Lie down on your back with your arms and legs up, and then flip over onto your hands and feet. Make a clicking sound like a click beetle.

Dance around in a circle or a figure-eight like a honeybee.

Glide left, right, forward, and backward like a dragonfly.

Flitter your fingers and hum like a mosquito.

Stretch your body across the floor on your tummy. Keeping your hands on the floor, raise your middle as you walk your feet up to your hands like an inchworm.

Roll up teeny-tiny like a no-see-um.

Crawl quickly to scurry like a jewel beetle.

Form circles with each arm at your sides and move your arms back and forth like an owl butterfly.

Flutter your arms up and down and leap like a katydid.

Put your hands together up high and hop like a planthopper.

Sit with your hands on the floor behind you. Raise your bottom. Use your hands and feet to move sideways like a lanternfly.

Crouch with your knees bent.
Hide your legs under your
arms like an underwing moth.

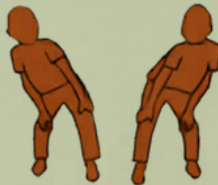

Stand with your legs apart.
Flap your arms back and forth
up high like a Queen
Alexandra's birdwing butterfly.

Tiptoe quickly to scuttle like
a velvet ant.

Show your muscles big and
strong like a rhinoceros
beetle.

Crouch with your hands on
your knees and sway back
and forth like a walking stick.

Hold your nose shut and
wave your hand like you
smell a stink bug. Pew!

Sit with your feet together and
knees out to the sides. Move
your legs up and down like a
Xerces blue butterfly.

Open and close your mouth to
munch like a hungry termite.

Rest very still like a roosting zebra longwing butterfly.

Swoop back and forth and sniff the air like a yellow jacket.
